

Team Registration Guide

Brasil Flag World Championship 2026 · Complete step-by-step, from account creation to lineup submission

REGISTRATION DEADLINES

From **Jul 7 to Jul 12**, registration is exclusive to **pre-registered** teams — use the **same email** from your pre-registration. From **Jul 13**, registration opens to any team.

Questions? Email contato@brasilflag.com · WhatsApp **+55 16 99775-4522**

PART 1 — Create your club account

1 Open the registration page

Go to **www.brasilflagworldchampionship.com**, open the **Portal** and choose **Club Registration** (or go directly to **</portal/times/cadastro>**). Works on mobile and desktop.

2 Choose your language

On the first screen, select **Português**, **English** or **Español**. The whole portal will follow your choice.

3 Step 1 · Fill in the club details

Fields marked with * are required:

Club name *	Official name of the club/organization
Country * and City	Select the country from the list; city is optional
Contact name *	Club contact person
Role / Position	E.g. president, head coach (optional)
Email *	Used for login and all communications
WhatsApp	With country code, e.g. +1 305 555-0100
Club logo	PNG or JPG, max 2 MB (optional)

All set? Click **Continue**.

4 Step 2 · Select your categories

Check the categories your club plans to enter: **Men** (Masculino), **Women** (Feminino), **U-15** (Sub-15) and/or **U-12** (Sub-12) — at least one. For each category, enter the **estimated number of athletes**. Click **Continue**.

5 Step 3 · Create a password and accept the terms

Set a password with **at least 8 characters** and confirm it. Read the Terms and Conditions, check **"I have read and accept the terms"** and click **Create account**.

6 Confirm your email

You will receive a confirmation email. Open it (check your **spam** folder too) and click the link to **activate your account**. Registration cannot proceed without this step.

7

Wait for organization approval

After email verification, the organization reviews your registration. You will receive an **approval email** — only then is payment unlocked in the portal.

PART 2 — Access the team portal

1

Log in to the Team Area

Go to **/portal/times/login** and sign in with the **contact email** (the same one used at registration) and your password. Important: login only works after your email has been **confirmed** and your registration has been **approved** by the organization.

2

If you see an error message, here is what it means

· **“Email not verified”**: open the confirmation email and click the link (check spam). · **“Registration awaiting approval”**: the organization is still reviewing; wait for the approval email. · **“Wrong password”**: double-check what you typed. · **“No account found”**: check the email — it must be exactly the one used at registration. · **Forgot your password?** Click **“Forgot my password”** on the login screen, enter your registration email and follow the emailed link (valid for 1 hour) to create a new password.

3

Get to know the home screen

The portal opens on the **Information** tab, in the language chosen at registration. At the top you will see your club name and logo and the **Log out** button. On mobile, the tabs appear at the bottom of the screen.

4

Information tab · Prices, deadlines and spots

Everything the team needs to know before paying: confirmation windows (**Jul 7-12** priority for pre-registered teams; **Jul 13-20** open to any team), both pricing options, installments, required equipment and accommodation/logistics. Attention: **spots per category are limited** and filled in **order of payment of the 1st installment** — once a category is full, registration closes.

5

Registration tab · Track your status

Shows a timeline with the 5 registration stages — **Pre-registration → Payment → Registration confirmed → Athlete registration → Approved** — with “done” and “in progress” badges, plus your registration details, the important dates and a document checklist to keep the team organized.

6

Payment tab · Pay the registration fee

Where you choose your registration option, track installments and pay via Pix or card. Unlocked after approval — the full walkthrough is in **Part 3**.

7

Athletes tab · Build the roster

Athlete registration, per-category tracking and lineup submission — detailed in **Part 4**.

8

Championship tab · Games and results

Schedule of **upcoming games, results**, your team’s stats and scorers, overall ranking and the **venue map** in Leme, SP. Game times are published after registration closes.

PART 3 — Pay the registration fee

1

Open the Payment tab

It is unlocked once your registration is **approved**. Until then, the Registration tab shows “Awaiting organization approval to unlock payment”.

2

Choose your registration option

Option 1 · Package: R\$ 2,000 per category, athletes included. · **Option 2 · Per athlete:** R\$ 800 per category + R\$ 90 per athlete. You can switch freely (“Change option” button) **until the first payment** — after that it is locked.

3

On Option 2, set the number of athletes

A counter appears for each category (+ and – buttons, R\$ 90 per athlete). The total recalculates instantly. This quantity is also locked after the first payment.

4

Check the “Charge summary”

The card at the bottom of the tab shows the breakdown: categories × option price, athletes × R\$ 90 (Option 2) and the **total**. Review it before paying.

5

Understand the automatic installments

The plan depends on the date of your first payment: **by Jul 20 → 3 installments · by Aug 20 → 2** · after that → **single payment**. Due dates: **Jul 20, Aug 20 and Sep 20, 2026**. Installments are listed with amount and due date, each with its own **Pay** button.

6

To pay with Pix

Select **PIX**, click **Pay** on the desired installment and enter the **payer’s CPF or CNPJ** (Brazilian tax ID, digits only; asked only once). A **QR Code** and a “**copy & paste**” code appear. Pay in your banking app: as soon as the Pix arrives, **the page confirms automatically** — no receipt needed. If the QR expires, click “**New QR**”.

7

To pay by card

Select **Credit card** and click “**Pay R\$... by card**”. You are redirected to the secure **Stripe** checkout, where you can **split into up to 3 card installments**. When done, you return to the portal and confirmation appears within moments. By card, the amount charged is the **remaining balance** (whatever was already paid via Pix is deducted).

8

Track the payment status

The summary shows: **Awaiting payment** → **Payment in progress** (with a paid-installments counter, e.g. 1/3) → ✓ **Confirmed**. Remember: the **1st installment secures your spot**; registration is **confirmed** after full payment.

PART 4 — Register athletes and submit the lineup

1

Add each athlete

In the **Athletes** tab, click + **Athlete** and fill in: **full name** (required), jersey number, category, email, date of birth and tax ID/passport. Click “**Add athlete**”.

2

Whenever possible, enter the athlete’s email

Every athlete added with an email receives an **automatic invitation** to create their own account on the Athlete Portal and complete their registration: **face photo**, ID document (ID card/passport), sports history and acceptance of the terms (image rights and anti-doping). The rules require the athlete’s email to be on the club roster.

3

Track the per-category panel

The cards at the top show the athlete count per category, color-coded: **green** ✓ ok (12-20) · **orange** △ athletes missing (min. 12) · **red** × over the limit (max. 20). Click a card to **filter the list** by category. A category with no athletes is treated as “not entered”. Besides athletes, up to **7 staff/coaches** per category are allowed.

4

Track each athlete’s “Portal” column

It shows each individual registration status: **No account** (not started) → **Verify email** (needs to click the invite link) → incomplete profile → ✓ **Approved / Active**. Use this column to chase pending athletes before the deadline.

5

Edit or remove whenever needed

Use the ✎ button to fix an athlete’s details and × to delete. The category counters recalculate instantly.

6

Submit the lineup

When **every active category** has 12 to 20 athletes, the **“Submit Lineup”** button is unlocked. If it shows **“Blocked”**, the notice tells you exactly what is missing in each category (e.g. “Women: 9/12, 3 missing”). Only approved teams can submit. Final deadline: **Sep 30, 2026**.

7

After submitting

You will see the **“Lineup submitted!”** confirmation and the organization receives the full roster. Need to change something after submitting? Contact the organization via the email or WhatsApp in the footer.

IMPORTANT DATES

Jul 20	Registration fee — 1st installment
Aug 20	Registration fee — 2nd installment
Sep 20	Registration fee — 3rd installment
Sep 30	Athlete document approval and full roster deadline
Oct 31	Opening ceremony and start of the group stage

FINAL TEAM CHECKLIST

☐	Account created, email confirmed and registration approved
☐	Registration fee payment confirmed (all installments)
☐	Full roster submitted (12-20 athletes per category)
☐	ID documents for all athletes (ID card/passport)
☐	Uniforms compliant: 2 sets of numbered jerseys (light and dark), shorts without pockets, rubber cleats
